Uzair M. Umair

MERN Stack Developer | MongoDB | Express.js | React | Node.js

+92 370 7429349 | uzairprivv@gmail.com | Karachi, Pakistan

PROFESSIONAL SUMMARY

MERN Stack Developer building full-stack web applications with MongoDB, Express.js, React and Node.js. Hands-on web development work includes responsive interfaces, JavaScript application logic and Firebase integration. Combines practical development with graphic design to create clear, usable experiences. Based in Karachi, Pakistan, with ongoing MERN Stack training at Saylani Mass IT Training (SMIT).

TECHNICAL SKILLS

MERN Stack: MongoDB, Express.js, React.js, Node.js
Front-End: HTML5, CSS3, JavaScript, responsive design, semantic HTML, CSS Flexbox and Grid
Web Development: REST APIs, application logic, database integration and UI implementation
Platforms & Design: Firebase (basic), Vercel, Photoshop, Illustrator

PORTFOLIO & DEVELOPMENT WORK

Web Development Portfolio | GitHub: github.com/UzairUmair

- Built responsive page layouts and interactive front-end features using HTML5, CSS3, and JavaScript, with attention to clean structure and mobile usability.
- Used responsive design, DOM manipulation, UI implementation, and basic Firebase integration where appropriate.
- Published web work on Vercel so projects can be reviewed directly in the browser.

TRAINING

MERN Stack Development - In Progress | Saylani Mass IT Training (SMIT)
Full-stack training in MongoDB, Express.js, React.js and Node.js.

Web Development Course | Bano Qabil Institute

- Built a foundation in website structure, HTML, CSS, JavaScript, responsive layouts, and practical problem-solving.

Additional Training: Graphic Designing - Saylani Mass IT Training (SMIT)

EXPERIENCE

Excel Data Entry & Spreadsheet Work - Shop / Freelance | 2024-2026

- Managed data entry, spreadsheet reports, data cleaning, formulas, formatting, and organized business records with accuracy.
- Kept files and records structured, completed routine spreadsheet tasks on time, and maintained close attention to detail.
